Clean-ups: Information for Community Groups

FACT West Lothian Council won the National Spring Clean Quaich in 2008 for the highest % of participants per head of population – that's 3,131 volunteers getting stuck in to clean up their local environment.

Keeping it Clean

Clean ups are a great way to bring communities together. Young and old alike can roll up their sleeves together to show that they care about their neighbourhood and want to keep it looking beautiful. To assist with community litter picks, Keep Scotland Beautiful provides groups throughout the country with a range of materials to help get them started - all year round:

- Guideline booklet 'Organising A Clean Up'
- A3 poster to help promote the event
- Keep Scotland Tidy tabards for participants
- Black bin bags for collecting litter
- Clear bag for recycle-able materials
- Keep Scotland Tidy badges
- List of who to contact at the local council for further help

If you would like to claim a FREE clean up kit, please visit: www.KeepScotlandBeautiful.org/cleanupkits and complete the online order form, or phone Keep Scotland Beautiful on 01786 468242 to place your order.

FACT Research shows that people in Scotland are most bothered by litter in their own neighbourhood than anywhere else – including on public transport, in retail parks and recreational areas. [TNS 2007]

Giving Scotland a Spring Clean

National Spring Clean is an annual campaign run by Keep Scotland Beautiful, which focuses on organising community clean ups during the month of April. More than 20,000 volunteers took part in 2008 - between them gathering enough bags of rubbish to line the Royal Mile in Edinburgh 12 times over! And with your support we can do even better in 2009.

To take part in National Spring Clean, please pick a date in April and tell us about your event by registering online. You will be sent a kit to help you get started and kept informed of developments as the campaign progresses.

Further information about National Spring Clean will be available in the early New Year at www.KeepScotlandBeautiful.org/springclean or by phoning 01786 468242.

QUOTE "The area looks a lot smarter now and we hope everyone will try hard to keep it clean by using the buckets and bins."
